

About Us

I am a 39 year old primary caregiver for my 75 year old Mother who has **Lewy Body Dementia**. My Mother currently lives with my husband and I in Eau Claire, WI.

As blessed as I am to be able to care of my Mother, I understand *the stress, the time commitment, heartbreak and yet absolute honor and joy it is to be her caregiver*. I also know how important it is to have *respite, good resources, and, above all, the need to reach out to others* that are living this roller coaster life with Lewy.

No one really knows what it is like for a caregiver until they live this life.

Celebrating those special moments only we as caregivers truly know.

Together I believe we can *Educate, Support, Share Resources and Knowledge of our experiences with each other to help support each other.*

I look forward to welcoming you into our LBD Family.

Hugs, Amy

patience

LBD is the second leading cause of degenerative dementia in the elderly.

Times and Location?

Meetings are held once a month. The group meets on the 2nd Wednesday of the month from 6:00 - 8:00 PM at Sacred Heart Hospital, 900 West Clairemont Ave, Eau Claire, WI in conference room number 15*.

**Conference room #15 is located on the left-hand side as you walk in the emergency entrance.*

Who can come?

Caregivers and Families of loved ones with Lewy Body Dementia are welcome. We will have an open forum to share and discuss questions and coping strategies. Speakers are brought in occasionally to discuss caregiving issues and personal wellness topics.
